J & Z International Sourcing

Quality Control Process:

To ensure the quality of the goods, we deploy dedicated quality assurance officers to the factory under the direct supervision of Merchandising team. An in-line Inspection is ongoing process in each section of the production. In a particular time of the day, our QA Supervisor checks the 30% garments those have been passed by our QA in each section. Assigned QC always checks 100% goods. QC submits their daily reports to QA Supervisor with highlighting the major points. QA Supervisor submits their reports to the relevant Merchandisers in addition to Managing Director. Relevant Merchandiser ensures the correct QA packing to the QA Supervisor. After maintaining the above procedures, the Merchandiser/ third party Inspection team carry out the final Inspection before the shipment.

Mission:

Value to Customer need create value for the company.

Commitment for the Customers:

We comply with customers' requirements. We are committed to ensure the quality, competitive price and timely delivery of the product. We are committed to take full ownership of the work to perform orders. We consider keeping safe the customers from any hassle.

Strengths of J & Z International Sourcing:

We have 30 years experienced management team and consist of excellent dynamic staffs in the field of Readymade Garments sector in Bangladesh. Our main strength is we know exactly what need to deliver. We have sufficient product knowledge, we have trusted factories and we know whom to place orders, we know suppliers, we are very strong in documentations. We trust our team and we believe on team work.

Weaknesses of J & Z International Sourcing :

Our main weakness is we do not have any own manufacture unit. We are not taking any orders until we believe we can perform the orders, we cannot deliver inferior quality to match the price.

Uniqueness of J & Z International Sourcing :

We are following an extremely unique standard operating procedure for each and every step related to order execution, till delivery of the goods.
